MEMORANDUM FOR: Director of Central Intelligence
VIA : Deputy Director for Intelligence
SUBJECT : Detaching of DDI Analyst to BNDD
REFERENCE : BNDD's Memo of 19 August 1971

1. This is for the DCI's information.
2. BNDD's request for an additional analyst springs from real needs. Their newly formed Intelligence Office, with 14 slots, is already swamped with work.
3. It seems irrelevant for BNDD to link their request to [] transfer to BNDD. [] was planning to retire from CIA in 1972 and when detached he had Agency approval to accept a permanent billet with BNDD if they offered one.
4. DDI has a suitable candidate immediately available for posting to BNDD. He is [] in OCI. Both he and the DDI favor the detail and we will inform BNDD of his availability.
